

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary this close to the election is outrageous!

Sinclair uses the public airwaves free of charge, and should be serving the public interest. How is this serving the public interest? They are trying to force everyone to watch a biased program when they don't even have to pay for it. We want to see genuine news stories come from a public station.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
